

# WindoPath<sup>™</sup> E.ssential

Anatomic Pathology Laboratory Information System

## OneVersion<sup>™</sup>

To provide best-of breed support for our laboratory customers, Psychē Systems adds new product features to its product lines based on feedback from our customer base, and implementation of our comprehensive market-driven software product development road map.

Psychē's OneVersion<sup>™</sup> provides fast, simplified, and cost-effective delivery of these new product features without requiring time consuming expensive software upgrades. OneVersion<sup>™</sup> ensures your laboratory's software is not left behind in terms of the latest application functionality.

OneVersion<sup>™</sup> provides a single deployed software version that offers seamless future updates for laboratories that need to implement or add new product features as they become available.

WindoPath E.ssential is a highly advanced, full-featured anatomic pathology LIS with a modular, customizable design. This design allows quick and easy adaptation to the specific needs of laboratories of all sizes and testing capabilities, including hospitals, private pathology groups, commercial labs, physician office labs, and specialty labs. It is an Anatomic Pathology System with CLIA compliance and HIPAA-related security and privacy provisions.

## WindoPath E.ssential Attributes

- **Image Management** – Laboratory staff can easily attach digital images from any type of camera to an associated case, by storing the image in a folder provided by WindoPath E.ssential.
- **Interface Engine** – With its extensive interfacing capabilities, WindoPath E.ssential supports full automation, integration with hospital information systems, billing companies, Electronic Medical Record (EMRs), laboratory instrumentation, labeling equipment and any other systems that can send and/or receive a message.
- **Custom Report Creation** – WindoPath E.ssential features extremely flexible, intelligent report creation and formatting.
- **Flexible Rules-Based Report Distribution** – WindoPath E.ssential's distribution options allow the laboratory to either automatically schedule and distribute reports or manually release reports, according to the physician's preferred method – via network printer, fax, or online with Psychē's e.Outreach portal.
- **Automatic Charge Capture** – WindoPath E.ssential features automatic capture of CPT codes and billing charges, including separate tracking for professional and technical charges...and many more.
